STATOTHR

I wish to express my appreciation to you and for the promptness and completeness with which you answered my inquiry of February 7. It is rare to receive such helpful information, and luckily it is just about what I wanted to hear.

The assumption of responsibility and his stability as to employment are not of prime importance to me at the mement, although opportunity for both will be amply afforded. The experience and the type of mind you describe is precisely what I would like to have.

On completion or termination of negotiations, your letter will be destroyed.

Very sincerely yours,

LAWRENCE R. HOUSTON General Counsel
